

15th Coalition Theory Network Workshop

June 17-18, 2010 - Marseille, France

CALL FOR COMMUNICATIONS

The *Groupement de Recherche en Economie Quantitative d'Aix-Marseille (GREQAM)* will be organizing the 15th Coalition Theory Network Workshop in **Marseille, France**, on **June 17-18, 2010**. This workshop will present the state of the art of theoretical and empirical research in

- Coalition formation
- Network formation
- Matching

During the workshop there will be three invited sessions. The keynote speakers will be

Kaivan Munshi (Brown University)

Parag Pathak (MIT)

Adam Szeidl (Berkeley University)

The call for paper will be open on **December 1st**. Submissions of contributed papers will be due by **March 1st**. Completed articles are preferred but extended abstracts are also welcome. Papers presented in the workshop are eligible for publication in the FEEM CTN Working Paper series.

More information about the workshop at www.vcharite.univ-mrs.fr/~ctn2010

The scientific coordinators of the event will be S. Bervoets, F. Bloch and F. Deroïan. The scientific committee will be composed by representatives of the Coalition Theory Network:
